The 2008 ACTRA National Finals had more teams, more participants, more awards, more money, more award's programs and lots more fun for everyone.

Reno Nevada, "The Biggest Little City In The World" played host once again to the 2008 ACTRA Wrangler/Professional's Choice National Finals. The weather could not have been better, cool mornings, sunny warm days that are consistent to the Reno area. The Reno Livestock and Events Center is always a great facility to hold an event of this magnitude.

Over 1300 participants made up 5400 teams at this year's ACTRA National Finals, both records. Over 900 awards were handed out along with 1052 checks and each contestant received a Professional's Choice contestant's jacket just for entering, what a deal!

New this year was the addition of PRCA announcer Jodi Carper from Jamul, California. Jodi has been awarded the announcer's job at the 2008 PRCA Steer Roping National Finals

this year. Jodi brought a lot of excitement throughout the ropings and his colorful commentating brought the high team call back rounds to an exciting climax for the fans and contestants alike.

Starting with the Tough Enough To Wear Pink Super 7, the top 50 teams were brought back into the arena just before the short go, called in by Chapter behind the Wrangler & Professional's Choice Title Sponsor flag. With the music blasting and Jodi's rich voice announcing, the adrenaline of the fans as well as the contestants really got going. It was truly evident how special this moment was as the contestants assembled in the middle of the arena all wearing pink shirts. What a special finale this created after a long day of tough competition. A big thank you to Randy Austin from Logan Coach and Wyatt Gibbs from the Trailer Specialist for making the Super 7's prize line outstanding.

If there wasn't enough excitement with the standard prize line including horse trailers or Scott Thomas trophy saddles and true gold buckles from Skyline Silversmiths, the sponsors added a little more

with their high team awards programs. The highest placing header and heeler wearing Wranglers won the "Winners Wearing Wranglers" gift certificates. Professional's Choice gave the highest placing header and heeler using two of their products a Sports Medicine Boots Elite value pack. Cactus and Fast Back Ropes gave rope sponsorships of three ropes for six months for the highest placing header and heeler in the #8.5, Super 7 and the #5.5 ropings. Weaver Leather gave the 1st team in each roping that roped a designated steer, Weaver headstalls. These awards programs were valued at over \$12,000.00.

On Monday Tyler Magnus gave a roping clinic to six ACTRA Members. Tyler's expertise and teaching skills were enjoyed by not only the contestants but the many observers in the stands as well as the folks watching over the live web cast at home. It was a diverse field and there was something for everyone.

Dusty Watkins and Chris Weaver gave a demonstration of the Heel O Matic, on Thursday and Saturday which created a lot of interest in the best training aid in the business, "Heel O Matic".

Not just the attendees enjoyed these Finals, over 12,000 viewers logged onto the web cast provided by 12 Basket Productions to see the future of team roping!

If you would like to see all the high team runs, go to www.theropingshow.com and become a team member. ACTRA Members get a discount and a specially designed tee shirt for becoming a team member as long as supplies last.

If you think it can't get any better than that, wait till next

year!

Letters To The Editor

Dear Editor:

Hello, this will be our first year attending the ACTRA National Finals in Reno and we are very much looking forward to a great week of roping, relaxing, fun and visiting with friends. I want to say that I appreciate very much everything the people who are on the Board and arena directors and arena staff everywhere throughout the year. I do not know very many of you at all, but your time and effort has not gone unnoticed. I'm sure you hear lots of complaining from those certain people in every organization no matter where you go. I admire your patience and hard work and dedication to the sport of team roping. For without all of you we the hundreds of contestants wouldn't have a Finals to come to. So my hat is off to all of you and keep up the great job. See you in Reno!!

Sincerely,

Karen & Glenn Teixeira

Dear Editor:

Congratulations to the ACTRA on their record turn out for the National Finals in Reno!

I just want to thank all my friends and all the caring people who went out of their way to help me after my accident, suffered during the Century Roping. I just want to tell you all that I am perfectly fine, praise God! The emergency room doctors told me that I was so fortunate to be wearing my helmet that I might have been taken to the morgue instead. After looking at the dent left in my "helmet of God", I can only imagine what would have happened to an unprotected head.

In hindsight, I can only remember what happened prior to the nod, checking the arena, my partner and looking at the steer and thinking "he looks pretty good". I guess I was really focused on the horns since I remember nothing after that. I have heard five different versions, but all that matters is I am feeling great and ready to go rope! See you down the road.

God Bless,

Kathy Balaam
